		NIH Workforce Resource Eligibility Matrix				
	<u>General Schedule</u>	The General Schedule covers the majority of civilian white-collar Federal employees in professional, technical, administrative, and clerical positions.				
Title 5: The basic law for	Federal Wage System / Wage Grade	The Federal Wage System covers Federal appropriated fund and nonappropriated fund blue-collar employees who are paid by the hour.				
managing human resources in the Federal Government.	GP/GR Title 38	Title 38 is a pay authority to ensure physicians and dentists hired under Title 5 receive compensation that is comparable to private sector physicians and dentists in the same locality area.				
Executives: Either Title 5 or Title 42 employees responsible for senior management of the NIH.	Senior Executive Service (SES)	The Senior Executive Service (SES) consists of leaders across government that serve as the major link between Presidential appointees and the overall Federal workforce to operate and oversee government operations.				
	Тор 5	The term 'Top 5' is used to describe several Title 42 leadership positions common across the NIH: NIH Deputy Directors and IC Directors, IC Deputy Directors, Scientific Executives, and Clinical Directors.				
Title 42: A flexible hiring mechanism that allows NIH to attract and retain staff with outstanding scientific, technical, and clinical skills.	<u>Undergrad Scholarship Program (UGSP)</u>	The UGSP offers competitive scholarships and paid research training to undergraduate students from disadvantaged backgrounds who are committed to careers in biomedical, behavioral, and social science health-related research.				
	<u>Clinical Fellow</u>	A Clinical Fellow is an NIH employee who possesses a M.D., D.D.S., or D.O. (or equivalent degree) and is on a time-limited, renewable appointment to conduct biomedical research in laboratories and clinical settings.				
	<u>Research Fellow</u>	A Research Fellow is an NIH employee who possesses a doctoral degree and is on a time-limited, renewable appointment to conduct biomedical research in laboratories.				
	<u>Staff/Senior Clinician</u>	A Staff Clinician is a NIH employee generally appointed to a time-limited, renewable position and who is a physician or dentist who spends the majority of their time providing critical patient care services and is expected to provide clinical leadership and the highest level of clinical care.				
	<u>Staff/Senior Scientist</u>	A Staff Scientist is an NIH employee generally appointed to a time-limited, renewable position, who holds a doctoral degree and is selected by an Institute or Center (IC) to support the long-term research of a Senior Investigator (with outstanding Board of Scientific Counselors (BSC) reviews).				
	Senior Scientific Officer (SSO)	An SSO is an extramural position that requires specialized expertise in a single or variety of scientific, clinical, regulatory, or procedural areas. This expertise may be used to provide professional interaction and related administrative counsel to the internal and external extramural community.				
	Science Policy/Program Leader Tier II (SPL-2)	An SPL-2 is an extramural position that advises on, directs, coordinates, and/or manages science policy and/or program activities. These positions report to the NIH Director, or an NIH Deputy Director, IC Director, or Scientific Executive.				
	Tenure Track Investigators	Outstanding scientists engaged in clinical or laboratory research who have completed postdoctoral training and desire the opportunity to prove themselves as independent scientists and to compete for permanent positions as tenured independent investigators.				
Trainees: They are not federal employees, and are not considered Full-Time Equivalents (FTEs).	<u>Summer Interns</u>	A program that provides currently enrolled high school, college, graduate, or professional students the opportunity to spend a summer working at the NIH.				
	Intramural Research Training Awards (IRTAs) & Cancer Research Training Awards (CRTAs)	Programs that provide opportunities for developmental training and practical research experience in a variety of disciplines related to biomedical research, medical library research and related fields for post-bac, pre-doc, and postdocs.				
	<u>Visiting Fellows</u>	A program that allows scientists from around the world the opportunity to work with senior NIH investigators on research areas of mutual interest.				
Other	<u>Volunteers</u>	Individuals who provide research services, direct patient care, clerical support, technical assistance, or any other necessary services for NIH but are not financially				
	<u>Special Volunteers</u>	compensated for their activities or actions.				
	<u>Guest Researcher</u>	A scientist, engineer, and/or student who is permitted to engage in scientific studies and investigations using NIH Facilities but who does not provide direct services to the NIH and may not have any patient contact.				
	Senior Biomedical Research Service	Designed for scientists who are considered by their peers to be outstanding in their work, and who are engaged in either peer-reviewed, original, biomedical research, or clinical research evaluation.				
	Commissioned Corps	The Commissioned Corps of the Public Health Service is a group of highly qualified health professionals that serve in over 20 federal departments or agencies in support of public health.				
	Contractors	Non-federal employees that work for third party organizations which provide various supports to the NIH.				

Disclaimer: This is an overview and not intended to replace guidance available within the specific resources listed. Employee ₁ eligibility can be subject to certain requirements such as manager approval. Please consult the specific resource if you are interested in participating.

Eligibility is not guaranteed and may be affected by updates to policies and programs. We will do our best to ensure accuracy as changes occur. If you believe that a portion of the NIH Workforce Resource Eligibility Matrix is inaccurate or requires an update please contact OHR at WorkFlex@nih.gov.
